“Ally and AJ photographed our wedding and they did a beautiful job. Not only did we get a great end product, a huge variety of lovely pictures, but they steered us so well through the whole process. They were enthusiastic, helpful and flexible throughout and took a lot of trouble to put everyone at their ease and help the day run smoothly.”

Alex & Rachel, London

## OUR APPROACH TO WEDDING PHOTOGRAPHY

'We are passionate about photography. We don't believe any other form of communication can capture a moment or tell a story quite so powerfully.'

Every wedding is different because every couple is unique. From dressing to dancing. We capture the drama, emotion and special moments as they happen, in a timeless and natural style. We combine spontaneous photos with a series of creatively directed dynamic portraits, creating a portfolio of beautiful images that will be treasured for generations to come.

### ABOUT US

We are Ally & AJ, a wife and husband photography team. We met over a love of art, photography and fine wines and between us we have nearly 30 years experience in the photographic and creative arts industries. We live together, we work together, we understand each other and we often know what the other is shooting before they've pressed the shutter!

We are known for combining documentary style, natural photography with stunning bride and groom portraits whilst providing an easy going, friendly service.
